

I am writing to support the Indiana Attorney General Steve Carter. I was about to cancel all my telephone services because of the constant telephone calls from business and telemarketer! Steve stopped all these unwanted calls. Now the consumer bankers association is attempting to start the unwanted calls all over again!

STOP! STOP! STOP!

I don't want anyone calling me to attempt to do business over the phone. PERIOD! Not my bank, not my credit card company, not my telephone company, not my cable company, not even my mother!

I do not do business over the phone!

ALL TELEMARKETING SHOULD BE BANNED!
